

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Dandeline.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Dandeline. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flail, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Dandeline from any drug store and just try it.

The "Yellow" in Cream

Conclusive experiments show that the yellow color of cream and milk is due to the yellow coloring matter to be found in green food for cattle, grasses, new green fodder, etc. This yellow is carotin, so called for the carrot, the coloring matter having been identified in the carrot a century ago. It is this carotin and another yellow pigment of plants called xanthophyll that furnishes the yellow for cream and butter. The carotin is responsible for most of it. It has nothing to do with the richness of the cream or butter. It is merely coloring. The Jersey and Guernsey breed of cattle seem to have the faculty of making better and more extensive use of carotin than the other breeds, therefore their milk and cream has more yellow coloring than the others. The food rich in carotin or yellow pigment which is found in the milk are green grass, especially when fresh in spring or fall, hay cured with green coloring as the western cured alfalfa all soiling crops, green fodder, very new silage, carrots and other yellow roots. Dry hay, dry fodder, old silage, straw, corn yellow and white, wheat, etc. are very poor in carotin and therefore produce white milk and cream. This is why so much of the winter cream lacks the "rich" yellow tints.

WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. RESCH, 1900 West Broadway, Louisville, Ky.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.
